A Question of Conscience

Should the government control the people, or
should The People control their government ?

At the end of his Gettysburg Address President Lincoln added

*... "and that government of the people, by the people, for the people,
shall not perish from the earth."*

Tyranny, Oppression, and Poverty -- or Freedom and Prosperity ?

Freedom is never free. We, The People must fight to preserve freedom from tyranny.

The keys to success rest in the Study of History and in the goals of the Founding Fathers in establishing limited government by imposing the Law of the People upon government. It's in our Constitution and Bill of Rights.

If you prefer Freedom and Prosperity over tyranny and oppression then hoist the banner high and join in the Preservation of the Right, aye, the *Responsibility* of the People to restrict the power of government.
